Otters Class Fire Engine Visit

We were very lucky to have a visit from a crew from Budleigh Salterton Fire Station this week. The children were very excited and during the visit were able to explore the Fire Engine and all the different equipment that it had on board. The highlight of the visit for many of the children was being able to operate the fire hose!

Eden Project

Kingfishers Class really enjoyed their trip to the Eden Project last Friday. During their visit they took part in a 'Brilliant Botanists' workshop visiting the Rainforest and Mediterranean biomes to collect data about leaves. They also collected data about the physical condition in the biome, using data loggers. Before the workshop the children had the chance to explore the biomes and find out about the plants and animals that can survive in the differing environments within them and why. Whilst they were there they found banana trees, rice plants, sugar cane and saw pineapples growing, they even found a plant that smelled like coca cola!

Secondary School Admissions

The deadline for 2020 Secondary School admissions closes on the 31st October, please remember to apply before then.
